Sir:

Delphi Technologies, Inc. is the owner of one hundred (100) percent interest in the above-identified application for a United States Patent. The owner hereby disclaims, except as provided below, the terminal part of the statutory term of any United States Patent granted on the above-identified application, which would extend beyond the expiration date of the full statutory term defined in 35 U.S.C. 154 to 156 and 173, as shortened by any terminal disclaimer filed prior to the grant, of United States Patent No. 6,802,398, issued Oct. 12, 2004, and granted on United States Patent Application 10/186,860, filed 07/01/2002. The owner hereby agrees that any United States Patent so granted on the above-identified application shall be enforceable only for and during such period that it and any United States Patent granted on the second application are commonly owned. This disclaimer is to run with any United States Patent granted on the above-identified application and is to be binding upon grantee, its successors or assigns.

In making the above disclaimer, the owner does not disclaim the terminal part of any United States Patent granted on the above-identified application that would extend to the expiration date of the full statutory term as defined in 35 U.S.C. 154 and 156 and 173 of any
